

Name:CNFC9176 Longevity Dome Lamp

Application:

Suitable for all kinds of indoor and outdoor worksite. Such as coal industry, petroleum and chemical industry, electric power, metallurgy, railway, iron and steel, shipping, army, aviation, police and fire-fighting, government and large-scale factory's fixed lighting need.

Features:

1. Adopt new energy-saving lamp, it can be sudden cold start and hot start.
the factor of light source power >0.95 , high light efficiency, environmental,Energy-saving, no stroboscopic, anti-dazzle, it can avoid uncomfortable for worker .Improve the work efficiency.
2. The life of light source is up to 80000hours. No need to change light source within the life of product.
3. Optimization of structure design and high-strength aluminum alloy shell. It has a high-strength shock-proof and impact capacity.
4. It convenient to change bubbles. Light fitting and electric box are separate design, small volume, light weight, beauty structure, simple shape.
5. It has corrosion-proof, rustiness-proof and can be used in vile environment,.

Suitable for Lamp-post, hung ceiling, derrick and all kinds of installation, can be used in different environmental needs lighting.

Application:

1. Electrode less fluorescent lamp:40W
2. Rated Voltage:220 VAC 50Hz
3. Shell Protection Grade: IP65
4. Corrosion-proof grade: WF2
5. Insulation Class: I
6. Entrance cable: $\phi 8\sim 14\text{mm}$
7. L/H:4.6
8. Size:230*140mm
9. Weight:2.2Kg
