

Name:CBFC8930 Indoor Explosion-proof Light

Applications:

Suitable for petroleum, petrochemical industry and marine in explosive and flammable locations as lighting fixture.
Suitable for use on various indoor operating site in explosive and flammable locations as an interior lighting fixture.

Features:

With perfect explosion-proof property, it can work safely and reliably in explosive and flammable locations.
With HID light source, it has soft light and good color rendering property. Its average operating life is up to 20000 hours.
By adopting good construction design and surface sealing treatment, it is firm and durable, dustproof and corrosion resistant.
Small size, light weight, various installation methods including ceiling type, hang-pole type and wall-hanging type and easy installation.

Product Data:

1. Metal halogen lamp: 250/400W, Sodium lamp: 250W/400W
2. Standard: 400W
3. Rated Voltage:220VAC 50Hz
4. Shell Protection Grade: IP65
5. Corrosion-proof grade: WF2
6. Insulation Class: I
7. Entrance cable: ϕ 10~14mm
8. L/H: 4
9. Weight:8.3Kg
10. Size: 274*465mm
11. Ex-mark: ExdIIC T4/T6, DIP A 20 T4
